	<b>Switzerland</b>	Martin Wüest	<a href="mailto:Martin.Wuest@inficon.com">Martin.Wuest@inficon.com</a>
	<b>USA</b>	David Ruzic	<a href="mailto:druzic@illinois.edu">druzic@illinois.edu</a>

### 2. Newsletter

The publication of the Newsletter resumed in 2011 and continues without interruptions. The newsletter is distributed through email to all people active in IUVSTA and posted on the website. The feedback is positive and the newsletter seems to play a useful role in keeping everyone informed. It provides a summary of recent activities at a glance, which otherwise may be buried in the “Records” sections. As a rule one letter is compiled after each ECM:

<http://iuvsta-us.org/iuvsta2/index.php?id=35>

The latest issue is devoted to the ECM118 in Trento:

[http://iuvsta-us.org/iuvsta2/assets/docs/bulletin/news\\_bulletin\\_169.pdf](http://iuvsta-us.org/iuvsta2/assets/docs/bulletin/news_bulletin_169.pdf)

Issue #169 contains the following contributions:

- Report on Executive Council Meeting 118, Hotel Villa Madruzzo, Trento, Italy by **Christoph Eisenmenger-Sittner** and **Andrej Vincze**
- Information on IVC-19/ICSS-15 in conjunction with ICN+T 2013, CIP 2013, ITFPC 2013, MIATEC 2013 and RSD 2013 by **Anouk Galtayries**
- Report on 72nd IUVESTA Workshop “Plasma-assisted vapour deposition of oxide-based thin films and coatings” by **Christian Mitterer**

and announcement for future events

- The 73rd IUVESTA workshop on “Nanostructures on two-dimensional solids” will be held in Eisenerz, Province of Styria in Austria from Sept. 22nd - 26th 2014 by **Christian Teichert**
- 74th IUVESTA Workshop on “Focus on the Blood-Biomaterial Interface: Surface Analysis meets Blood Compatibility” by **Giacomo Ceccone**
- 

The Publication Committee thanks the contributors. Another letter dedicated to the events and decisions of ECM119 will be prepared; timely contributions from all committees and divisions are welcome.

### 3. IUVESTA directory.

The IUVESTA directory was updated for the current triennium with information provided by the Secretary General with names, emails, and country for the people active as councilors and scientific division representatives. As suggested by David Ruzic , expertise is also included in the on-line IUVESTA directory but has to be entered by every individual. Thus the web-based data entry form, has more fields: first name, last name, email, country, institution, IUVESTA position, expertise.

<http://iuvsta-us.org/iuvsta2/index.php?id=2043>

Note that the directory is accessible in the “members-only-area”, i.e. protected by a password. The directory is searchable.

<http://www.iuvsta-us.org/iuvsta2/index.php?id=254>

The Publication Committee kindly request that everyone checks if their personal information is complete. If not please fill in the form with the correct information.

#### 4. Calendar of Events

Future events can be found on the left panel on the main page, on the Calendar of Events, as well as on the calendars of workshops and schools. Reports for workshops and schools are posted where available.
