4. The IUVSTA News Bulletin

Ivan Petrov reported on the News Bulletin, compiled twice annually after each Executive Council Meeting. The latest Issue #171 contains the following contributions:

IUVSTA activities:

- Executive Council Meeting 120, Graz, Austria
- Executive Council Meeting 121 and IUVSTA Highlight Seminar 2015
- 13th IUVSTA School on Vacuum Gas Dynamics
- The 31st European Conference on Surface Science
- 78th IUVSTA Workshop on “New horizons in oxynitride thin films: from synthesis to applications”

Member Societies activities:

- An AVS conference SIMS
- The AVS 62nd International Symposium and Exhibition
- 2015 joint MIATEC and RSD Conference
- The French Vacuum Society (SFV) - The oldest Vacuum Society in the world turns 70 in 2015 ...

Organizers of IUVSTA forums, IUVSTA committees and divisions chairs are encouraged to submit reports on events of interest to the whole Union.

Joe Greene noted that the News Bulletin is liked by the IUVSTA members and plays a positive role in keeping everyone informed.

5. IUVSTA Website

Ivan Petrov reported that the IUVSTA directory was updated for the current triennium with information provided by the Secretary General with names, emails, and country for the people active as councilors and scientific division representatives. The expertise is also included in the on-line IUVSTA directory but has to be entered by every individual. Thus the web-based data entry form, has more fields: first name, last name, email, country, institution, IUVSTA position, expertise.

Note that the directory is accessible in the “members-only-area”, i.e. protected by a password. The directory is searchable.

Ivan requested that everyone checks if their personal information is complete. If not please fill in the form with the correct information.

Further, Ivan noted that the IUVSTA events can be found on the left panel on the main page, on the Calendar of Events, as well as on the calendars of workshops and schools. Reports for workshops and schools are posted where available.

Christoph Eisenmenger-Sittner noted that the worksite is functioning well and lauded the work and quick response of the web-master John Koulelka.
