November 11th, 2015

Dear Presidents of National Vacuum Societies of IUVSTA,
Dear colleagues,

it is time to start the procedure for selecting the host of the IVC22-ICSS18 congress to be held in 2022.

Therefore, as Chair of the Congress Planning Committee I am delighted to ask you to prepare your bids to the most important event of IUVSTA, the Triennial Congress IVC-ICSS. Your bids are due by February 15th, 2016. You should send your bids by email to the Chair of the Congress Planning Committee and to the IUVSTA secretary general.

Mark the emails "Bids for Hosting IVC22-ICSS18" and send to:
Anouk GALTAYRIES anouk.galtayries@chimie-paristech.fr
Christoph EISENMENGER christoph.eisenmenger@ifp.tuwien.ac.at

The procedure in short is the following:

1. Bids are due by February 15, 2016.
2. Pre-screening of bids will be done before ECM 122 in Braga in April 2016.
3. Serious screening of best bids will be done during ECM 122.
4. Final selection of bids will be done at ECM 123 (just before IVC20 in Busan August 2016).

You can find more detailed information, as well as suggestions how your bids are to be organized and which questions should be answered, reading the IUVSTA procedures manual available by clicking here:
http://www.iuvsta.org/iuvsta2/assets/docs/pdf/procedures_manual.pdf .

I would like to stress 2 parts in particular:

1. the Protocol for Selecting a Host Nation for the Triennial Congress – IVC/ICSS pages 88 to 91,
2. the Guidelines for Making a Proposal to Host the IUVSTA Triennial Congress pages 92 to 99.

Yours sincerely,

Anouk Galtayries
