2020											
										22-26 ICTF-18+ JVC Budapest VIRTUAL	
2021											
					Summer-Autumn WS-94: Reliable sensing and control of reactive plasmas. Slovenia In-Person						
	16-18 TTC-22: Vacuum Technology Applications. Islamabad, Pakistan MAYBE VIRTUAL HAS THIS BEEN RUN?					11-15 ICN+T Vancouver VIRTUAL			No dates as yet TTC-21: Vacuum technology, principles and applications. Slovakia HYBRID		
20-22 WS-96: HIPIMS Today— Recent Development of High-Power Impulse Magnetron Sputtering Sweden VIRTUAL		18-19 TTC-24: Plasma and Society Philippines VIRTUAL HAS THIS BEEN RUN?						12-16 WS-92: Advanced Spectroscopy and Transport for 2D Materials at Surfaces. Japan In-Person	18-22 WS-90: Tuning properties of advanced energy materials using modern theoretical and experimental methods. Spain HYBRID	21-26 EVC-16 Marseille In-Person	
				To be run before EVC-16 SC: Title? Marseille NOT VIRTUAL				28Sept-1Oct SC: Low Energy and Photoemission Electron Microscopy. Spain VIRTUAL	11-14 VASSCAA-10 Shanghai HYBRID?		
2022											
	27 February - 3 March WS-91: Surface Chemistry of Catalytic Systems. Israel In-Person				20-23 WS-95: Plasmonic Thin Films: Theory, Synthesis and Applications. Portugal In-Person		30 Aug - 3 Sept ECOSS-35 Luxemburg In-Person	IVC-22 (ICN+T, ICSS-18, VASSCAA-11) Sapporo In-Person			
		SPRING (no fixed dates yet) WS-93: Surface engineering structures, coatings, and thin films. Austria In-Person						22Sept SC: LEEM/PEEM Spain In-Person			
Early 2022 TTC-23: From Nano science to outer space. Argentina VIRTUAL
